www.rusoh.com

Our company, Rusoh, Inc. is dedicated to revolutionizing the fire extinguisher industry with innovative, quality products that maximize both preparedness and protection. At Rusoh, we believe the individual is the one with the greatest incentive to maintain a safe facility, and that the key to preparedness and protection is equipping that individual with the appropriate tools. In keeping with that philosophy, Rusoh introduced the first self-service fire extinguisher; the Rusoh® Eliminator® Self-Service Multi-Purpose Re-loadable Dry Chemical Fire Extinguisher.

Society of Fire Protection Engineers (SFPE)

www.sfpe.org

The Society of Fire Protection Engineers (SFPE) is to define, develop, and advance the use of engineering best practices; expand the scientific and technical knowledge base; and educate the global fire safety community, to reduce fire risk. The Society has 4,600+ members, 92 chapters, including 17 student chapters globally.

SFPE supports the development of the annual Professional Engineer (PE) licensing exam in fire protection under the auspices of NCEES. The Society's activities include educational seminars, webinars, conferences, publications, and standards and guides -- designed to advance the fire protection engineering profession and provide technical information to the fire protection community.

Valet Living

www.ValetLiving.com

Valet trash collection is an apartment amenity of recurring collection at resident doors. Valet Living professionalizes a taking-out-the-trash system that ensures tons of combustible materials are removed from multi-family buildings each service day. It serves 1.3 million apartment units in 40 states and has done so since 1995 with a perfect life-safety record. Performed by a trained, w-2 workforce of more than 5,000 service valets, this amenity enhances property values and safety of communities. Many times the evening presence of service valets has led to a reduction of crime, a correction of unsafe or unsanitary conditions and the rescue of residents from fire.
