## **Michael Cudahy**

**Codes and Training Specialist**

Michael is active in building code development as the *Codes and Training Specialist* for the Plastic Pipe and Fittings Association (PPFA). He represents the plastic piping industry in building codes, training, technical questions, green and sustainable building issues, life cycle analysis (LCA), PCR's, EPD's and other related issues. Michael works on development of IAPMO, ICC, and NSPC codes. He was on the ICC's 2018 IRC code committee, the PMGCAC, and IAPMO's plumbing, mechanical, legionella, WeStand and USEHC Technical Committees and Technical Correlation Committees.
