Matt Sigler

Technical Director

Plumbing Manufacturers International (PMI)

Matt Sigler is the Technical Director for Plumbing Manufacturers International (PMI), which involves among other responsibilities analyzing and addressing code, standard and regulatory issues that impact PMI Members. Plumbing codes and regulations have been Mr. Sigler's focus for the past 10 years, including work done prior to PMI at the International Association of Plumbing and Mechanical Officials (IAPMO) where he oversaw the development of the Uniform Plumbing Code.

Mr. Sigler currently serves on various codes and standards technical committees including: ASME A112 Plumbing Materials and Equipment, IAPMO Uniform Plumbing Code, International Plumbing Code, NSF 61 Drinking Water Additives – System Components and ASHRAE 188 Legionellosis Risk Management.

Mr. Sigler graduated from Indiana State University with a Bachelor of Science in Construction Technology/Management and brings over 20 years of experience in the construction industry in project management, codes/regulations and product development.
