Gulf Coast Chapter “Code Official of the Year

The Gulf Coast Chapter is proud to select a “Building Official of the Year” each year, but we had a need to honor other Chapter Members that have gone the extra mile to support the Chapter. With that need in mind, we created our own “Code Official of the Year” award.

Our first recipient and “2009 Code Official of the Year” is “W. Frank Baxter” Chief Plans Examiner for Lee County. Frank has been responsible for the planning and scheduling of Chapter CEU classes annually in Lee County. The BOAF/ICC Gulf Coast Chapter co-sponsors the classes with FAPGMI and Lee County provides the Classroom. The profits are shared between the Chapter and FAPGMI. Frank has worked hard putting on these CEU classes for the past 3 years. He continues to support the Chapter with almost perfect attendance and his valued opinions of Code changes.

Bud Korte
President
