

## New Chapter Manual Debuts at Conference

Free to all Code Council chapters, the [new Chapter Leader Manual](#) addresses typical chapter issues and can assist with day-to-day tasks. It helps keep chapters in touch with ICC organizational activities with links to the ICC website, and is filled with tips and forms that can be customized to suit each chapter's needs. "I am thrilled with the final product," said Chapter Relations VP Laura Scott. "The Adobe Reader format makes it easy to use and to search."

Recently, the manual was debuted at the Chapter Leadership Program in Reno. Session attendees received a copy of the manual on CD and learned about its many advantages. Jason Webb, President of **Fire Marshals Association of Missouri**, described the manual as "awesome" when he presented it to his chapter after returning from Reno. Each chapter president and secretary will be receiving a CD later this fall.

For questions or comments regarding the manual, please contact [Patty Bond](#), Manager of Chapter Programs, at 1-888-422-7233, ext. 7205.
